The Radio HF Internet Newsletter is distributed monthly, free of charge, to subscribers by e-mail. The Newsletter is a collection of web sites specifically related to radio (AM/FM, shortwave, Internet radio, amateur radio, scanning and CB), communications, telecommunications, radio memorabilia and collectibles, media, journalism, science, technology, space and astronomy, weather, transportation, plus some fun things thrown in for good measure! Each edition includes links to web sites submitted by subscribers or by the editor. All sites are reviewed, verified and presented to you, with the URL, and a brief description of each site.

The Newsletter arrives in your in-box as an easy to read e-mail; no complicated attachments, and no fear of viruses. The Newsletter is distributed to over 1500 subscribers. The subscriber list is secure, private and confidential. It will never be sold, redistributed or displayed.

Subscribers are encouraged to send along web sites for inclusion in future editions of the Newsletter. All contributors whose sites are published will receive a 2% discount on their next purchase from Radio H.F. The e-mail address for all contributions, comments, and subscription requests is hfnewsletter@yahoo.com mailto:hfnewsletter@yahoo.com

Welcome to the May issue the Radio HF Newsletter. I'm late again with this month's issue. Bird migration season is upon us, plus my wife has just retired from 38 years of working and we are adjusting to the changes here on the home front. We completed our annual Quebec Nocturnal Owl Monitoring Project in April, and we are gearing up for the 2014 season of the Quebec Marsh Monitoring Program. Also this month, probably within the next week, we will be doing our 2014 Baillie Birdathon. Speaking of which…

FINAL REMINDER: 2014 BAILLIE BIRDATHON

This is my final reminder of our annual fundraising activity known at the Baillie Birdathon organized by Bird Studies Canada. Each year I encourage subscribers of the Radio HF Internet Newsletter to support my wife and I with a pledge to raise money for bird conservation. Any amount is appreciated. You will have received a separate e-mail with complete details on the event. Thanks to those of you who have already made a pledge. For the rest of you, you can donate whatever amount possible directly through our 2014 Baillie Birdathon webpage at http://birdscanada.kintera.org/birdathon/harvey http://birdscanada.kintera.org/birdathon/harvey and click on the "Give Now" icon. You can make your payment by credit card or PayPal, or by sending a cheque, payable to Bird Studies Canada to my Radio HF mailing address.

Canadians will receive a tax receipt for any donation over $10. Your continued support of our annual Birdathon fundraiser is greatly appreciated, by us and the birds! Don't forget that if we cross paths at any of the radio events, hamfests or fleamarkets this spring, you can drop by the Radio HF table and make your donation in person.

Our Monthly Special Zone for May features web pages on National Police Week, World Telecommunications and Information Society Day, National Day of Biological Diversity, National Maritime Day and International Day of U.N. Peacekeepers.

This month's virtual voyage around the world, in the "Where in the World Zone", takes us to southern Africa. We are headed for Swaziland. Officially the Kingdom of Swaziland, it is a sovereign state in Southern Africa surrounded – with the exception of Mozambique to its east – by South Africa. It and its ethnic people take their names from Mswati II, the 19th-century king under whose rule Swazi territory was expanded and unified. Swaziland is one of the smallest countries in Africa. It is no more than 200 kilometres (120 mi) north to south and 130 kilometres (81 mi) east to west.

Let's get on to this month's links.

This site provides the history of the event and details activities taking place this year.

UNITED NATION: WORLD TELECOMMUNICATIONS & INFORMATION SOCIETY DAY

http://www.itu.int/en/wtisd/2014/Pages/default.aspx
http://www.itu.int/en/wtisd/2014/Pages/default.aspx

The purpose of World Telecommunication and Information Society Day (WTISD) is to help raise awareness of the possibilities that the use of the Internet and other information and communication technologies (ICT) can bring to societies and economies, as well as of ways to bridge the digital divide. 17 May marks the anniversary of the signing of the first International Telegraph Convention and the creation of the International Telecommunication Union.

RADIO-I LOVE IT

http://www.radioiloveit.com/ http://www.radioiloveit.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

This website is a personal project to offer inspiration and resources for radio professionals (and those who want to work in radio) from all over the world. We focus on radio programming strategies, radio production techniques, radio personality traits, music scheduling practices, and radio's bright future. By the way, the parentheses in our name symbolize radio waves, and ILOVEIT is written in capitals to emphasize the passion. When you find something interesting, please go ahead and share it, so your peers in the radio industry can read this as well. Stay tuned to Radio))) ILOVEIT: subscribe to our free radio newsletter, and follow us on Twitter for updates on new posts and the daily #RadioILOVEITip, which is related to one of the articles.

SCIENCECASTS: CARRINGTON-CLASS CME NARROWLY MISSES EARTH

https://www.youtube.com/watch?v=7ukQhycKOFw https://www.youtube.com/watch?v=7ukQhycKOFw

VIA Jerry Proc, Toronto, Ontario

The data's all in , and analyzed , and according to NASA scientists, Earth narrowly missed a catastrophic event in July of 2012 ! ! Apparently 2 closely timed CME's blew off the Sun in the opposite direction from the Earth. They postulate that had they occurred on the Earth-facing side of the Sun, we'd still be picking up the pieces! Damage would exceed a trillion bucks, with the loss of many Earth-based communications systems! Here's a short Youtube video from NASA that describes how narrowly we missed that catastrophe!

UNDER MONTREAL
